- ☑ Generative Fallback quiz

Google Cloud Applied AI Summit Learning Path > Conversational AI on Vertex AI and Dialogflow CX > Generators

Generators quiz

Your score: 16% Passing score: 75%

Retake

Unfortunately, you need at least a 75% to pass this assessment. Not to worry though, review your answers and try again.

✗ 1. Generators have a particular set of capabilities that can be utilized by a Dialogflow CX virtual agent in a customer conversation. What are two capabilities of Generators? (Select two options)

ⓘ Note: To get credit for a multiple-select question, you must select all of the correct options and none of the incorrect ones.

☐ Accessing information in data stores

✓ Conversation Summarization
